To:you Details

My name is Lil Hilal (Advocate) I wrote to you earlier but you did not respond. I need your assistance in retrieving of my late client's funds worth (\$8,500.000 U.S.) deposited with the bank security department for safe keeping. Note that your surname is similar to my late client's family last name and that was the reason why I have contacted you to assist me to retrieve the unclaimed funds because the bank has issued me an official mandate to submit the beneficiary's name for claim or they will confiscate and close the account if no response.

If you are interested for more information regarding this mutual profit transaction, kindly get back to me urgently. Our sharing ratio stands 50%-50%. You will have \$4,250,000.00 Dollars as your own share over this transaction.

Send your information to me urgently
